

Summary of my participation at the ESNR Annual Meeting and European Board in Neuroradiology Examination (EDiNR)

I am Vasco Sousa Abreu, a dedicated neuroradiologist from Porto, Portugal and I am currently a final year resident in Centro Hospitalar Universitário de Santo António. I had the privilege of attending the European Society of Neuroradiology (ESNR) Annual Meeting held in Vienna, Austria. In this report, I will share my journey at this prestigious event, which included my successful completion of the European Board in Neuroradiology examination.

Participation in the ESNR Annual Meeting My participation in the ESNR Annual Meeting was an incredible opportunity to further my expertise in Neuroradiology. This event served as a platform for neuroradiologists worldwide to come together and exchange knowledge on various sub-areas of neuroradiology, such as head and neck radiology, pediatric neuroradiology, interventional neuroradiology, among others.

Throughout the meeting, I actively engaged in numerous scientific sessions. I not only absorbed the latest advancements in the field but also actively contributed to discussions and shared my insights. This collaborative environment allowed me to forge connections with neuroradiologists from diverse backgrounds, fostering international collaborations and expanding my professional network.

Success in the European Board in Neuroradiology Examination One of the most significant highlights of my journey at the ESNR Annual Meeting was my successful completion of the European Board in Neuroradiology examination. Passing this rigorous examination demonstrates my dedication to achieving excellence in my field and reflects my knowledge and expertise in Neuroradiology. I was honored to receive this well-deserved diploma (EDiNR) from the European Board.
